Kia ora,

Update – Te Ara Tipuna Trail Consent Application – Ref LU-2023-112074-000

We are writing to advise that the Te Ara Tipuna Charitable Trust has requested that processing of its publicly notified resource consent application is suspended while it secures additional funding.

The application is currently suspended under section 91A and 92 of the Resource Management Act 1991. This means the process is on hold and no further steps will take place until the Trust is ready to progress the application.

We appreciate your continued interest and will provide further updates when the next steps are confirmed. Submitters will also be notified directly at that time. Note it is now intended that the hearing will proceed in 2026.

The Trust recently provided updated consent application documentation in response to the section 92 request for further information. The updated application documentation has been uploaded to the website. Please note the application documents may change following a full review of the application and section 92 response once the suspension has been lifted by the Trust.

Please contact [IAIn@gdc.govt.nz](mailto:IAIn@gdc.govt.nz) if you have any questions,

Ngā mihi,

Awhina White  
Resource Consents Manager
